Filter Bag

# Universal Extended Life Bag

- Great cost saving for same performance

A great cost saving filter bag with unique needle felt fiber construction of doubling the pore space within but significantly increase the dirt holding capacity in filtration performance without affecting its initial pressure drop, it gives you a lifetime of up to 5 times more and resulting in filtration cost saving and labour cost saving.

We have two choices of media – Polypropylene and Polyester to meet your filtration needs.

**Great cost saving filter bags**

**Fully welded construction to eliminate any possibility of by pass**

**Reliable High quality products**

**Special surface finishing to prevent fiber migration**

**Suitable for Food & Beverage application**
